

It is my right to listen to whatever I want, when I want. what gives me the right is that I pay for it each month. I believe in the American way that if a go idea comes long and I wish to pay for the service or product I have the right. I believe if people work hard to develop new technologies and the people of the US want to take advantage of it both parties should be rewarded. I am extremely tired of politics and the government tell us what we can do and can't do or how we should live our lives. How do politicians know what is good for me and my families. They ONLY thing the politicians are worried about is what group of people will support (give me money) me, if I exploit my power. IT BOILS DOWN TO THIS IF I PAY FOR A SERVICE THAT I WANT TO USE, WHO HAS THE RIGHT TO TELL ME THAT I CAN'T. ESPECIALLY IF THE SERVICE DOES NOT HARM ANYONE.
